It is stated that the weaving factory (not in existence at present) has been located within the 2nd Compound of the Municipal buildings and is also stated that the building building is falling into decay. It is not known in which class the building is now at present. Sir,

Construction of a market in Hunsur Town

In continuation of this office letter No D2 911-27 dated 27th September 1927 requesting permission for the Hunsur Municipal Council to resume the possession of the building occupied by the Weaving Factory, and to construct a line of market, I have the honour to state that the President now reports that owing to the establishment of a Munsiff's Court in the place the officials and others belonging to the establishment find it very difficult to find suitable residences for them in the town and that instead of constructing a market near the old Weaving Factory, a series of dwelling houses may be constructed I have called for further information in the matter and a report will be made after receipt of the same from the President In these circumstances I request that orders of Government on my previous letter No D2 911-27 dated 27th September 1927 may kindly be deferred
